

Coronavirus: Safety measures

Dear visitors,

in order to protect yourself and others, we decided to implement a set of safety measures for visits to our facilities and being in contact with our social workers.

- ... If you show any symptoms that could indicate an infection with the coronavirus (fever, coughing, temporary loss of sense of smell), please get in touch with your contact person at **NEUSTART** by phone before your appointment.
- ... In order to avoid long waiting periods in the waiting areas of our **NEUSTART** facilities please be on time for your appointment.
- ... Please avoid close contact to other people and keep at least one meter distance at all times.
- ... When visiting our facilities, please use the provided hand sanitizers after entering.
- ... Cloth face coverings are mandatory in our facilities. Please bring your own cloth face covering for your appointment. If you don't have your own we can provide you with one at the reception area. You are required to wear a cloth face covering at all times whilst being in shared areas of the facility where other social distancing measures are difficult to maintain.

Thank you for your understanding!

... **LEBEN OHNE KRIMINALITÄT. WIR HELFEN.**
